DELETION OF PARENTHETICAL COMMENT IN CLAIM OF PRIORITY

Dear Sirs:

Applicant thanks the Examiner for the Interview Summary dated March 16, 1999 indicating that agreement was reached regarding changes to the claim bringing the claims into condition for allowance.

Applicant notes that he claimed priority to Provisional Application 60/029,829 filed October 28, 1996, and included immediately thereafter the paranthetical statement "claimed with respect to subject matter of claims 2 and 4 only". Applicant intended this to indicate that the provisional application did not contain identical disclosure as the instant application and that only certain features of this earlier application are present in the instant application. In light of the fact that Applicant has a right to claim priority without restriction to the application, and to avoid any confusion, Applicant (1) amends this claim to delete the reference to the subject matter of claims 2 and 4 only, and (2) makes a full claim to priority to the above identified provisional application.

If the Examiner finds this response deficient in any sense, Applicant requests that the Examiner contact the Applicant via telephone or fax at 011-4122-344-0694 (Geneva, Switzerland).

Respectfully Submitted,

By:
